Dear Sir.

Safely returned home I once more
beg to thank you for your
kind reception, I feel very happy
to have made your acquaintance.

I feel much obliged to you
for having read to me your
most interesting work on
West Indian coins, and when
published I hope you won't forget
to mail me a copy. It will have
a good place in my library.

In a catalogue of one of my
sales (8 January 1911) you will
also find a good lot of such coins
I do not know if you have a copy
of it and therefore mail you one
at the same time.

It will not bring you any new points,
this hardly will be possible after
that most careful study you have
made on this subject.

I also highly appreciated the evening you showed me your collection. I saw many an interesting coin.

I sent Mr. Newell some rare Arabic coins, and asked him also to show them to you, he certainly will do so.

Please give my compliments to Mr. Belden

With my best wishes

Yours very truly

My dear Sir

Your kind favor of 24. March
safely reached me.

I certainly think your
book on East Indian coins will
interest many collectors of coins
and it is with much pleasure
that I will try to sell your book
to people all over the world.
I hope to be able to place
quite a number of copies.

As soon as it will be printed
and you let me know its price
I will start to get my customers
interested in it.

If you will send me then
for the start 25 copies, I will
get busy, and hope to ask
for some more after a while.

My brother now is in
Germany and I told him
to look after an Iron Cross. -
I hope he will obtain one for you.

With kind regards
Trusting soon to hear from you
Yours very truly
M Schulman.

Dear Mr. Schulman:-

Your letter at hand. Mr. Gregory's coins will eventually be sold. Mrs. Gregory has been dead a number of years. The estate has asked Mr. Belden of our Society, whom you have met, to advise them as to the best method of selling the collection.

I have turned the letter over to Mr. Belden and he says that he will take your proposition up with the heirs of Mr. Gregory and will communicate with you later. I would advise you therefore to keep in touch with Mr. Belden.

Under separate cover I am sending you five copies of my West Indian Article. These I am selling at retail for one dollar, and I can let you have copies to sell at fifty cents each. Please accept one of these copies with my compliments, and if you can sell the other four please do so, and if you want any more let me know. I doubt if I will have any more than twenty others to sell as I have given a number away to friends and have placed others on sale in this country. I have offered no one else in Europe any for sale.

If you can pick up any more iron crosses at a reasonable price I think I can dispose of them. I also would like to get one dated 1915. Also if you happen to pick up any other war medals or decorations pertaining to this war, as the new French cross, I feel sure we could use them.

I am looking forward to seeing you in this country again and trust you will be able to spend a number of hours at the Society,

Very truly yours,

New York

Dear Mr Wood

Your kind favor of the 9th of August safely reached me, and I am much obliged to you, for having handed my letter to Mr Belden. I have written Mr Belden about the Gregory collection.

Just one week ago I received the five copies of your most interesting article on West Indian coins. They came by the Rotterdam, Holland America Line. This steamer caught fire just in the hold of the mail. Your books reached me in a fearful state, entirely wet. I at once turned them over to my bookbinder, to have them cleaned and bound.

They came back to-day in very good shape, so that the damage is not very big.

I just waited to write you till I knew about your books, I am glad I can tell you, that they are in good shape now and that

I will try to sell them to my customers.

I thank you very much for having presented one copy to me, and I will not fail, to mention your book in my catalogues.

I hope I can secure some iron crosses for you, but as it seems, it is prohibited to send them from Germany (they were returned to my correspondants by the Censor) it may last some time before I will have them, but no doubt I will succeed in obtaining some.

I am taking your book on West Indian coins with me home, to study it carefully and I am sure I will still learn a lot from it.

With many thanks

Yours very truly

J. C. Mulman.

I hope soon to see you again and I will not fail to call on you to spend some hours at the Society.

Dear Mr. Wood.

From the newspaper you certainly
will have seen that the *Nieuw*
Amsterdam safely reached port after
a thirteen days passage.

I beg to thank you and Mrs. Wood
once more for your kind remembrance
and hope to see you some day
in Amsterdam, when Mrs. Schullman
and myself are anxious to return
to you the friendship offered to me.

I told my wife about your
dear little daughter. She likes
very much to 'make the
acquaintance' of your family.

I hope you had a very
merry Christmas and
wish you all a very happy and
prosperous new year.

Please extend my best compliments
and wishes to Mr. Bolden and
also to Mr. Reilly if you happen to
see him -

Today I went to the Society
by registered mail (registered
letters) a collection of war
medals medals relating to the war
of Belgium, France, Germany and
Austria. You will find some
charming French and Belgian medals
in this lot, also some interesting German
pieces, and a few Austrians. Also
money in the Austrian camp of winners
at Klein Müncheⁿ and Gröden, new
Austrian alpaca money and German
iron money.

I joined the angles de paix numbers
70-105 (you have n1-69) and also
n26, n54 and n59 which were missing
in the lot I left with you.

I hope soon to send you some
more interesting pieces, and will
let you know what I found about
the medals of which you handed me
rubbing. I will look them over
in a few days.

With my kindest regards

Yours very truly

Dear Mr. Schulman:-

Your letter and the two invoices of coins received. As yet I have not seen the coins as they are held up in the custom house for we enter things under bond, thereby escaping the payment of duties. I understand you got back safe and sound after a day or so delay.

I want to thank you for remembering us with further German war medals and also for your book on the "De Munten der Ommelanden 1579-1591".

As yet I have not raised the money for the war medals but will either send this on later or wait until you come over again. We have just made a very important addition to our Indian Peace Medals. Another large oval silver plaque given by Washington in 1789, a piece, up until now, unknown of this type and date.

I will write you again when I get the pieces out of the customs. In the meantime, I remain,

Yours very sincerely,

Mr. Lord and Ward

Dear Sir

I beg to acknowledge receipt of your favor of April 4 and I was very sorry to see the trouble you had to get the medals from the Custom House.

As I wrote you already March 16, I will not send you any further medals but bring them with me next September when I have to come again to New York.

I sent you the catalogue on wax medals, please let me know if there are any special pieces you like to have, which I will reserve and bring with me.

I still hope that my invoices of January 26, February 7 and my letter of

March 16 reached you, please let me know,
then if they have not arrived by that time
I will take the necessary steps, they are all
insured.

The French badges sent to you,
they are the new French military medals
given for gallantry in the war.

The one with the palm branch means
the owner has been specially mentioned
"cité à l'ordre du jour."

The star, as far as I know, has no
special meaning, they are all with star,
but I will investigate.

Trusting soon to hear from you
I remain, dear Sir

Yours very truly
J. Chalmers,

I just receive your favor of April 17. and see
from it you received my letter of March 16th.
I see from your letter that my invoices
of January 26 and February 7th (the latter consisting
of six registered letters) didn't arrive. Please let
me know as soon as you receive this letter, if they
come in the meantime, then I will make the
necessary steps. My compliments to Mr Belden

Gentlemen: -

.S.S"OOSTERDIJK"

Claim of W. B. Osgood Field.

I am directed by H. M. Procurator General to acknowledge the receipt of your letter of yesterday and to say that three registered parcels containing War Medals, addressed to Mr. W. B. Osgood Field, were seized in the mail of this vessel.

The other seven parcels have not at present been traced, but further search is being made with a view to identifying them.

Before it will be possible to consent to an Order for their release it will be necessary for evidence to be tendered that the Medals were not of enemy origin.

The Procurator General is not in a position to furnish a list of the contents of the parcels seized, and he does not feel justified in the present pressure of public business in asking the Chief Postal Censor to undertake this work.

I am, Gentlemen,

Your Obdenient Servants,

THE AMERICAN NUMISMATIC SOCIETY

NEW-YORK

Dear Mr. Wood,

Since I heard from you that the parcels with war medals sent to the " American Numismatic Society " have not reached you, I learned, that these medals were seized by the " British Government."

I have written about these medals to H.M. Procurator General, London, but till now my efforts to have these medals released, failed.

H.M. Procurator General only will consent in a release of those medals which are of neutral origin.

Some days ago I had the pleasure to see your minister at the Hague Dr. van Dyke, and asked him to help me, if possible, in this matter.

Dr. van Dyke, suggested, that, where these medals are intended to be exhibited in your Museum, or, as those sent to Mr. James B. Nies and to Mr. Wm. B. Osgood Field, to be exhibited in their private collections, a scientific purpose, that the best thing to do, after his opinion was, that one of you, either Mr. Wood, or Mr. Nies, or Mr. Osgood Field, pays a visit to the State Department in Washington, explains matters, that the purpose is not to promote German trade, but purely scientific, and tries to induce the State Department to write to your ambassador in London.

No doubt, Mr. van Dyke told me, your State Department will pay attention to this matter, and once written, to Mr. Page in London, your ambassador certainly will do his utmost, to receive the permission of the British

Government to let these medals pass.

Now, dear Mr. Wood, would it not be too much trouble for you, if you talk this matter over with your friends, Mr. James B. Nies, and Mr. William B. Osgood Field, and if possible, that one of you goes to Washington and explains matters.

Of course I would feel much obliged if you could bring it so far, that these medals were delivered to you and your friends.

I join the lists of medals sent to the American Numismatic Society, to Mr. James B. Nies, and to Mr. Wm. B. Osgood Field.

I do not write to the other gentlemen, but leave it entirely into your hands, as I know, that if possible, you will do what you can.

Trusting you, your family and all my friends are in good health,

With my best wishes

Yours very truly

J. C. Hulme

Dear Sir,

I beg to send you herewith the list of medals which were sent to you and seized by the British Government.

I wrote to day to Mr. Howland Wood about medals sent to the American Numismatic Society and seized by the British Authorities.

If you will communicate with Mr. Howland Wood about the medals sent to you, he may perhaps also take up the matter of your medals at the same time as he will make steps for the release of the other medals.

The British Government does not allow any more to ship war medals of enemy origin without a licence.

Now if there are any medals in my catalogue LXV, you like to obtain for your collection, you may write to the Board of Trade, London, they will consider the question of granting a licence after application made.

The address is:

The Board of Trade
Commercial Department
Gwydyr House

London S.W.

In asking for a licence to have the medals shipped to you, please state my catalogue number and a short description as follows:

Catalogue LXV n. 622 v. Bessler-Nova Georgievsk

the kindness to forward the licence, if granted,
at once to my address. This will spare a lot of
time.

Of course English, French and neutral medals
may be sent without any difficulty.

Without licence it is impossible to send you
the other medals, they have to lay here, till the
war will be over.

Dear Sirs:

In answer to your letter of June 30th; relative to the registered letter containing coins which were siezed and held in Prize Court by the British authorities.

I must say that I do not acknowledge the right of any British official to question the contents of any registered letter addressed to me from Holland. I consider it gross impertinence for any country to treat the mails as the United States mails have been treated and regret that our own officials do not seem to take the same ~~view~~ view.

The coins were shipped to me from a dealer in Holland with whom the American Numismatic Society deals, and of course he is responsible for these coins, so that it is no loss to me, except the fact that I should naturally like to have the coins in my collection.

It may be possible that after the war, or at some future time the English authorities may take a different view.

American Insignia, comprising, first, decorations conferred by the United States Government, and by the different states and cities, for military service; second, the insignia—or badges of members and officers— of the various Military and Hereditary Societies, form a branch of American Numismatics which has not in the past received the attention it deserves.

A collection of such Insignia should be placed where it would be permanent and accessible to students of Numismatics and of American History.

Many of the societies which should be represented in such a collection have gone out of existence, and their insignia are now most difficult to obtain; others have adopted new designs, and the same difficulty confronts any effort to procure those that have been abandoned. In the future this difficulty will increase; other societies which are now active will die out, and as time goes on a collection of this kind will become of greater value and interest, and will be the means of preserving much numismatic history that might otherwise be lost.

In the Spring of 1900 this Society undertook the formation of a collection of this kind, as distinct from its collections of other American medals, and it now has, in addition to the principal Government decorations, the insignia of a majority of the more important and many of the smaller active societies, also of a number of societies which have ceased to exist. Within the narrow limits to which it is confined, this collection, probably, has no equal.

It is displayed in five large cases, in the main exhibition gallery of the Society's new fireproof building, and is accessible to visitors every Wednesday and Saturday afternoon.

Being an incorporated body and the most important numismatic society in America, its collections are permanent; it is, therefore, in a position to guarantee that any insignia that it may receive will not at any time go out of its possession and get into the hands of private parties. A large proportion of the insignia of military and hereditary societies in this collection were obtained direct, either as donations or by purchase, from the respective societies; and it is hoped that societies, not now represented in the collection, which restrict the issue of their insignia to members only, will, in view of the facts stated above, waive that rule in favor of this Society.

This Committee was appointed for the purpose of carrying on this work in a thorough and systematic manner. Its success, has, so far, been most satisfactory, but there is still much to be accomplished, and it would earnestly request the co-operation of the members of the Society and of all others who are in sympathy with its efforts to preserve numismatic and historical records.

Dear Mr. Wood,

As you will see from this letter I safely returned home, arriving the 28th of December in Holland, and found my family in good health and I hope you and your family will enjoy the same perfect health.

A couple of days ago I sent you my new catalogue on war medals and I hope it safely reached you. I will feel happy, if you see among the medals catalogued, pieces you like to have, to hear from you and I will of course reserve such medals, which cannot be shipped at present.

By the same mail, but registered, I send you a new French medal on the battle of the Yzer, which no doubt will interest you, it is a nice medal by Allouard, showing the busts

2.

of Amiral Ronarch and of General Foch. I trust it will safely reach you .

I beg to send you also the little pamphlet on the coins of Tucumán, about which I told you.

My best wishes for you, Mrs. Wood and your two daughters, please extend my greetings to Mrs. Newell Reilly and Noé.

With kindest regards

Yours very truly,

Dear Mr. Schulman:-

Your letter of December 28th came to hand a few days ago, and we are sending under separate cover two copies of Frey's Numismatic Dictionary. Mr. Frey is giving no discount to any one on these books except when orders of twenty are given at one time, and then ten per cent. We have nothing to do in this matter, simply mailing the copies for Frey. I have deducted ten dollars from the amount that we owe you..

We have finally settled up the difference of one hundred and seventy-five dollars owing you on the Gustavus Adolphus medal. I did not send this money on as I was expecting you in this country, and as you probably will be over some day I will pay it to you then.

We were looking forward to seeing your Mr. M. Schulman, and when we did not, we supposed it was on account of the difficulties of transportation. We are still looking forward to seeing you.

Mr. Newell has bought the writer's collection of Oriental coins, and has presented both this collection and his own to the Society. These together with a very large collection of Indian coins now makes our collection a very large and extensive one. We would suggest that your Mr. Schulman bring a selection of Mohammedan coins on with him when he comes as we undoubtedly would be in the market for some.

Trusting you are well, I remain,

Yours very truly,

Curator.

NEW - YORK

Dear Sir,-

Your kind favor of February 25th just reached me to day (April 11th) and I expect soon to receive also the two copies of Frey's Numismatic Dictionary also the two copies of Frey's Numismatic Dictionary.

I received the volum of the American Numismatic Society devoted entirely to Frey's Dictionary and I have noted that you have deducted \$ 10.- from my account for the two volumes.

I have asked Mr. Wormser about six weeks ago to pay my dues to the American Numismatic Society.

I hope he will receive my letter and in case it may be lost, just pay my dues to the Numismatic Society from our account.

I was very sorry that the difficulties of transportation made it possible for me to come to your country.

Also on account of the difficulties in our country as for fuel, bread, meat potatoes, rice and a lot of things more, which are all distributed, but in such small quantities, that you have to try every day to find something else for your family, I dare not leave my family for a couple of months and I therefor better wait till peace is reigning again over the world. I hope with America's help, peace, but a real peace as you and we all understand it, will not be far off as it really seems to be.

I see that Mr. Newell has brought your collection and that he has presented his own and your collection to the Society, a splendid donation, for which the Society may be very gratefull to Mr. Newell.

You certainly now have a splendid collection to show and for study.

I sent you my latest catalogue on Oriental coins, just let me know the numbers in which you are interested and if it is not too difficult to send them, I will bring them over on my next trip, which I hope will not be far off.

I also sent you my catakogue LXIX on European coins, and the new

last received
XLVII

catalogue LXX, the third one on medals, coins and paper money of the War.

If you find anything in these catalogues in which you are interested just let me know, and I will reserve it for you.

I have already reserved for you the medals relating to America.

If you prefer to send me a draft for the difference owing me on the Gustavus Adolphus medal, you may send me one in United States money or in Dutch currency just as you like. Also if you like better to wait till I will visit you again, you may do what you like the best.

With our kindest regards

Yours very truly

Mr. J. Schulman,

My dear Mr. Schulman:-

Your two letters of April 12th at hand, and I am very glad to hear from you. Mr. Wormser paid your dues to the Society some time ago so that matter is straightened out. I have this day communicated with our bank to transfer to the National Park Bank \$165.00 to your account. This is to pay for the balance due you on the Gustavus Adolphus decoration, less \$10.00 for the two volumes of Frey's Dictionary.

I am sorry to know that you are finding it exceedingly difficult to get provisions of various kinds. I know that our Government is doing its best to provide for the different neutral countries but the actions of Germany make it almost impossible. As you well know, we went into the war with our natural resources pretty well drained during the past three years, and we are not feeding to a large extent the allies. In consequence our own bill of fare has been reduced considerably. It is largely voluntary action on the part of our people as the Government as yet has not forced us to go without this and that excepting the matter of wheat and a few other staples. Sometimes no bread has been made wholly of wheat, and there are meatless days, etc. throughout the country.

You can appreciate that with Mr. Newell's collection and mine, with what the Society already had and the very wonderful collection of Indian coins from the Metropolitan Museum of Art, our cabinet of Oriental coins is now a very large one. We are probably stronger on India than anything else, and compares favorably with any collection. We will be very glad to see whatever you might have in this line, and I trust that you will be able to come over here before a great many months.

The last catalogue that we received from you is No. XLVII therefore I would much appreciate if you would send again anything you have issued since then as undoubtedly your more recent catalogues have been lost in transportation.

I am enclosing a rubbing of a coin that I can not make out. Can you let me know what it is?

I remain,

Yours very truly,

Dear Mr. Schulman:-

I have just received permission from the War Trade Board to import from you certain medals of German origin satirical in nature against this country. You have been holding for me certain of these pieces and in my letter of August 13th I asked for certain others. Please send as soon as possible, not to exceed 24 of these medals, and not to exceed \$150.00 in value, bearing the licence number 130648. These must be shipped from Amsterdam, the money to be paid to the National Park Bank on your account.

I received the other day the medal you sent commemorating the rescue of Dutch sailors by English sailors. I am very glad to get this.

Please keep me informed of any more medals relating to this country, and if you can send any new ones since your last catalogue in this shipment, please do so.

With kind regards, I remain,

Yours very truly,

Dear Mr. Schulman:-

Your letters of August 6th just at hand. Evidently mails are slow in getting over here.

By this time you have received my letter ordering certain medals together with the import licence. These as you will note must be shipped from Amsterdam, and if you have not already shipped them please do so as soon as possible as there is a limit on the time on which the licence is good.

I am sorry to know that it is hard work to find enough to eat in Holland, and certainly trust that you will not have a hard winter. In some respects we here are in a land of plenty but prices are very high, and certain things are very hard to obtain. As we are sending so much stuff to both the allies and the neutrals, we to some extent are on rations. It is wholly voluntary, but as near as I can see the people are willingly and faithfully observing the requests of the Government. I think it is a good thing for the country, as people are learning not to waste things and also are learning to do and use things that their grandfathers used to do but which has been forgotten by the past generation or so. Things look now pretty rosy, but no one here thinks the war is anywhere near over. We realize that the hardest work is yet to come. Each day the people realize more and more that the United States is fighting for a big ideal, not for themselves but for the whole world and that our ambition and desire is to have the whole world a better place to live in and a better spirit and feeling among all the peoples for one and other.

The catalogues you mention have not yet come but as your letters only came this morning they undoubtedly will arrive in

a few days. If they do not come in a reasonable time, I will let you know.

Many thanks for identifying the ducaton made in Dutch India.

Remember me to your family, and believe me,

Yours very truly,

Mr. Howland Wood,

Dear Sir,-

I beg to acknowledge receipt of your kind letter of September 21st and was glad to see that you have received permission from the War Trade Board to import the medals I have reserved for you.

As there are still a lot of difficulties in sending these medals by parcel post, I have got permission to forward the parcel through the Legation of the United States of the Hague which will take care to transmit it to the Department of State at Washington.

I have therefore forwarded to day to the Leg. of the U. S. A. The Hague a parcel addressed to the American Numismatic Society and bearing the licence number 130646. It contains 28 medals as per enclosed bill. I hope the parcel will safely arrive at the Department of State. Will you be so kind to take the necessary steps to have it forwarded to you as soon as the parcel has arrived at Washington.

I am sorry I could not yet obtain all the medals you have ordered, however I will try my best to furnish you the missing ones as soon as possible.

I have joined an artistic and very rare medal struck in Holland in a very limited number, on the torpedoing of the "Amstelstroom", which no doubt will be of much interest for the collection of medals in the American Numismatic Society.

I trust you will have received my letter of November 1st with draft for \$ 150.- subscription for 5 silver and 20 bronze medals commemorating the Aerial crossing of the English Channel by King Albert and Queen Elisabeth of the Belgians.

Awaiting your esteemed favor, I remain dear Sir,

Dear Mr. Wood,-

Your kind favor of November 7th to hand and no doubt the medals sent to you through the Legation at the Hague will have reached you.

Last week I sent you the 20 Francs-piece of Albert which no doubt will be in your possession when this letter reaches you. I was glad to see that the oriental coins came to hand.

It took such a lot of trouble to have the medals sent by Parcel Post directly from Amsterdam, that I asked Your Legation if they would like to take care of them, which they were kind enough to do, and I trust they will be now in your possession.

Things in Holland are advancing gradually, but I guess that we will have a very bad winter as for fuel.

Now that all things in Germany are overturned, supplies of coal from that side are stopped, England is doing all its possible to send us coal, but they cannot supply us enough at this moment.

Our own production is not very plentiful.

We will have to face some cold days. But in any case we are glad the war being over, and that in the near future better days are coming.

I have already sent you a short note with my congratulations with the splendid victory, no doubt it has already reached you.

I hope to get my pass early in January and will sail as soon as possible for the States and shake hands with you again.

Mrs. Schulman just has been operated on appendicitis she is still in the hospital but in good health. The children are healthy. Trusting you and your family are allright.

With my compliments for the season

Dear Mr. Schulman:-

Your letter of November 15th just at hand, and we have a notice from the Custom House that the package of medals is in this country. Unfortunately we have got to pay three hundred dollars, or twice the value of the case to get this out of customs unless you send us a consular invoice. Will you please send us this consular invoice as soon as possible. Hereafter any goods sent over valued more than one hundred dollars must have a consular invoice. Goods to the value of less than one hundred dollars can be obtained from the Customs with less red tape.

We have received your letter of November 1st with draft for one hundred and fifty dollars subscribing for five silver and twenty bronze medals commemorating the aerial crossing of the English Channel by the King and Queen of the Belgians. These we are having struck for you and when we get the export licence will send them to you.

Yours very truly,

Curator.

Dear Mr. Schulman:-

Your various favors including your letter of December 5th at hand. I have received the twenty franc piece of Albert and have just gotten out of the Custom House the German medals after putting down a bond for three hundred dollars to guarantee the producing of the consular invoice. These medals are now on exhibition. I will shortly place the money to your credit in your bank here, or possibly pay it to you direct if you should arrive here at an early date. I note in your last letter that you are hoping to get a pass to the United States early in January, and am looking forward to seeing you shortly.

I am sorry to know that Holland will be hard up for certain kinds of supplies but as the war is over many things can now be endured. I am glad that the feeling in Holland is that our troops and efforts were able to virtually put an end to the war. We were only just beginning. The new features and surprises that we had for the spring offensive would have astonished every one. The regret over here seems to be that we did not have a chance to make use of these.

I trust Mrs. Schulman will recover shortly, and believe me,

Yours very truly,

Curator.

Dear Mr. Schulman:-

Your recent letters all at hand as far as I know. The Consular Invoice received, and I have substituted it for our bond. The other day I talked with a Department of State man about your coming over, and he said he would telegraph Washington that he was agreeable. I consequently hope that you will be preparing to leave by the time you get this letter. I trust you have received the Falcian medals some time ago.

Your catalogue LXVIII at hand, and I am herewith enclosing an order:-

No.	Fl.	No.	Fl.

284	9	1244	5
			<u>164.50</u>

There is considerable demand for Iron crosses here, and I wish you would send over two or three. I would also advise you to bring some. I understand that some of these new formed countries, like Poland, Jugo-Slavia, etc, are counterstamping the old money. If you have gotten hold of some of these, I would like to get some. I understand that the Czecho-Slovak Republic have some gold and silver money. I think it would pay you to bring over any special coins relating to the war, like new and special issues.

Please see that the consignment you send over amounts to less

than \$100. It therefore does not have to have a consular invoice. Anything over \$100. seems to require such an invoice.

Please reserve for me the following German medals, and any others that you might get relating to America.

1080	-	-	7.50
1081	-	-	7.50
1087	-	-	7.50
1088	-	-	7.50
1089	-	-	10.

I do not think you can send this under my old license number, which I should judge has expired. I will get a new license number and send to you later. However, you might ask our Consul about this.

Trusting to see you soon, I remain,

Dear Mr. Wood, -

No doubt my cable
"Understand your Stateman too late Washington
unfavorable please try again cable me if success-
ful"

I sent you a few days ago, has reached you, and I
hope that your steps this time taken on my be-
half have had a good success.

Your Consul at Amsterdam informed me that
the decision in Washington as for my sailing to
the States was unfavorable, there was nothing per-
sonal against my coming, but the business of coins
and medals was not considered too be urgent.

I understood that the steps taken by your
friend of the Department of State came too late
the decision being already mailed to Amsterdam.

The idea of your Consul also, if steps
were taken again on my behalf in the States it
still will be possible the permission still will
be granted.

I therefor sent you the cable and I hope
it will be successful.

I will feel much obliged if you will do

p.t.c.

what you can to secure for me the permission to sail and even if after my cable the results will not be at once favorable, would it be possible for you, perhaps to write to Washington to ask for this permission and to have the petition signed by Messrs Newell, Nee, Elliott Smith, Wormser, Elder, Frey and others, then certainly it must have some good result.

Thanking you in advance for all the Trouble

With my kindest regards to you and your family

Yours very truly

Mr. J. Schulman,

Amsterdam, Holland.

My dear Mr. Schulman:-

I herewith acknowledge your letters of April 23rd and 24th and the package of decorations and medals received at the same time.

I received your cablegram but have been unable to get any favorable action from the State Department. I think that the restrictions will be let down soon, however, and that you can make a new application before long. I understand they do not want too much travel back and forth this summer.

I have not heard concerning license number for the pieces ordered some time ago and which you are holding for me. I will apply again and have included those ordered since then and which you billed on April 23rd.

The list of military medals which you sent over, I have shown to Mr. Saltus and he has authorized me to buy those on the attached list which included nearly all. Certain of these you can send over without a license number. Be sure there is less than \$100.00 in a shipment; by that I mean coming over on the same steamer.

Do you propose to have me send the money to you or deposit it in the National Park Bank. I have the money here for your whole account.

Very truly yours,

Currier

Department of State;
Washington, D. C.

Gentlemen:-

We have learned that Mr. Maurice Schulman of the firm of J. H. Schulman, Keizerstraat 148, Amsterdam has applied for permission to come to this country on business. The nature of his business is the sale of coins and medals. We understand that this permission has been refused as his business was not considered urgent.

Several of our members have written us to see if we could not intercede in his behalf as there seems to be a genuine desire to have Mr. Schulman come over.

We have done business with him for a number of years and depend upon him considerably in purchasing coins and medals for our Museum as well as for information and advice on the subject. As a matter of fact a number of things are pending which can only be straightened out by him personally, particularly in relation to some of the numismatic issues resulting from the war. Much of this material is disappearing rapidly and it will soon not be possible to secure the specimens necessary for study and historical record.

We know that there is sufficient business in this country to warrant Mr. Schulman's coming over.

Yours respectfully,

President

Dear Mr. Howland Wood, -

I beg to acknowledge receipt of your letters of May 23d and 26th from which I was glad to see that you have received the medals and decorations sent on April 23d and April 30th.

I am much obliged for your order for the nice lot of military medals and decorations, for which I thank you and to which I will give my utmost care.

I have already forwarded to you in two registered letters the medals of Allied nations which were in stock at present. Please find enclosed the bill A, amounting to Fl. 147.05.

I am trying to obtain for you the medals of which none were at hand this moment: catalogue LXVII N 1329 and 1348; catalogue LXX N 5 and 1721; catalogue LXXIII N 268, 269, 278.

As I have already sent you on June 6th the Merite Venizelos and the Serbian medal for military valor (catalogue LXXIII N 260 and 283). I have cancelled these numbers from your orders, also catalogue LXVII N 49 which is the same as catalogue LXX N 1903.

As soon as I have received the licence number I can forward to you the medals already reserved for you on April 23d (Fl. 79.-) and the Collection of military medals and decorations of which I beg to enclose the bill amounting to Fl. 589.50 (I-IV).

My correspondents in France as well as in Germany wrote me that the military medals and decorations were all genuine ones.

I sincerely thank you for the trouble taken for the pass of our Mr. M. Schulman, now that peace will be signed one of these days, we also hope that it will be possible to get a visum about September.

You may deposit the amount in the National Park Bank.

I remain, dear Sir,

Yours very truly

July 10th., 1919

Dear Mr. Schulman:-

Although you have not heard from me for sometime I have been busy, at Washington and elsewhere, about your passports. I find that the State Department is not inclined to open your case again. The reason apparently is simply from a business standpoint. They do not think your coming over is warranted just at present. Whether any of the dealers here have put in objection I do not know, but there are some dealers here who are opposed to your coming over as you take too much business away from them. One Philadelphia dealer is spreading stories around that you are in the pay of another country. My assistant was in Washington the other day and took the matter up with the head of the Military Intelligence Division whom we know. He said there was nothing to this; that it was purely on business grounds that the State Department was holding off. I understand that all this will be changed shortly and that in the fall more freedom of coming and going will be allowed.

You would best keep in touch with the United States Consul so as to find out when the restrictions are lifted.

The War Trade Board has been giving no import licenses just now, but announces to-day that it will shortly issue blanket licenses covering the importation of goods of German and Austrian origin. I will let you know as soon as this is done so that you may send our German and Austrian war medals and decorations.

Very truly

I am staying here in Northampton for a few days on my vacation.

My dear Mr Wood.

Your kind favor of July 11th reached me yesterday and I was very much interested in it.

First let me thank you for all the trouble you took on my behalf in Washington. I went this morning to the American Consulate and there they told me that a passivum will be handed to me at the end of September or early October.

Therefore I hope to see you again about November and Newport to find you and your family in perfect health. I will keep in touch with your Consulate so that if pass-uses are granted before the end of September, I will be among the very first.

I am very grateful to you about what you told me of that Philadelphia dealer, but you certainly will be astonished to hear that he, not only has told such base stories, but that he also has written in the same way to dealers in Paris.

Last week I was in London and Spink, Son told me that the dealers at Paris were very angry about our firm, because one American dealer had written to them that our firm

was doing business in German account
and that German dealers had paid and
sent us coins for our American troops.

In thinking this over at Spunk's Inn
and who could have told such stories, I thought
H. Ch. of Philadelphia may have been the very man
which I also told Spink but of course they
didn't tell me that I was right, but now
I receive your letter, I see that my opinion
was a good one.

I always considered that man as the
most narrow minded dealer I know, notwithstanding
he thinks to be the smartest fellow on earth.
I will be in Paris within a few weeks
and of course will take this matter up.

It is not very difficult to prove how
false and base these stories are.

When coming to the States I will of course
take this matter up with the Philadelphia
dealer himself, and I will take care that
he writes to Paris and apologizes for his
miserable stories.
I could write you a lot more about this matter
but I better tell it you, when I will see you.

Of course I need not to tell you
it, didn't took me five minutes to convince
the London dealer, that these stories are
nothing else than bad jealousy.

You can understand how glad I was
to receive your letter after the stories
I heard in London.

I hope you had a nice vacation
in Northampton.

Please extend my respects to
Mrs Ford and children

With my same regards

Yours very truly
M. Schultze

My dear Schulman:-

I have this day directed our bank to deposit in the National Park Bank, to your account, Fl. 436.75 less \$5.00 for dues to the Society for 1919. They inform me that this amounts to \$187.14. The bills paid are as follows:-

	Fl.
Jan. 19, 1917	10
Aug. 12, 1918	11.25
Sept. 24, 1918	50.25
Nov. 15, 1918	317.50
Nov. 22, 1918	21.
Dec. 17, 1918	20.50
Jan. 24, 1919	6.25
	<hr/> 436.75

I am herewith enclosing receipted bill for your 1919 dues. Your communications of June 6, 27 and 28 at hand and all of the medals that you sent over have arrived safely. I am very much disappointed with these pieces. I am very much afraid that whoever you are getting these from in France have been putting one over on you. I have learned from several first hand sources that manufacturers in France are making every medal and decoration used in this war. The medals that you have sent over with but two exceptions excite my suspicions. In several cases I know absolutely that they are not official namely our two Distinguished Service Crosses. As I have originals here to compare them with. The two English medals, the Distinguished Conduct and the Military Medals are also fakes made by this French concern. It is the same with the two Italian medals. I will hold these over here until you come as I understand the restrictions will be raised soon. I got the other day, from inside information from the State Department that they had certain complaints against you.

J. Schulman, Esq., (E)

probability you will not get your passports Vised. for some weeks. Naturally I could not find out just what the matter was but I am inclined to think it was what I intimated in my last letter - jealous complaints from some people over here who think you take too much of their business away from them. The Military Intelligence told me that they have no complaints.

Now to return to the medals again. As I dislike the looks of all of these you have recently sent over do not send any more that you get from France. I am a little bit troubled and hardly know what to say about that large collection of German Medals which you are holding for me. I suppose this lot you have gotten from an entirely different source than the other medals and probably they are alright. I wish however, that you would look them over again and compare them and if you feel certain they are satisfactory send them along.

The War Department informs me that these can now come over without a license therefore, any of the thing you are holding of German origin can be sent on. Our Council can inform you just what to do. You will have to send these over in small shipments so that less than \$100. in on one steamer forwards a consular invoice as to go with one shipment.

I remain,

Very truly yours,

Curator..

My dear Sir.

I beg to inform you that our Mr M. Schulman received notice that his passport will be viséd and now he will sail the 10th of October, and he hopes to meet you and family and your friend in perfect health.

We extend our many thanks to you for all you have done on his behalf. All the combined steps taken lead to this good result. We are much obliged to you. Your kind favor of August 12. reached us some days ago and we also received notice from the Natl Park Bank, that you have deposited the amount of \$436.71 less \$5.00 dues to the Society = \$431.71 in which I thank you and which amount I placed to the credit of your account.

was much interested in what you wrote
about the war medals, that they are
fakes. They all were sold to us as originals
and I have at once written to my
correspondents in France, and in writing
you at the end of October, I will of course
state in this matter, as I don't like
to sell fakes.

I have at once stopped the sale of these
medals, as I want to persuade the
people who sold these pieces to me as
originals, genuine decorations, but it will
not be very easy just now.
The German war decorations come from
official source and are all originals
You need not be afraid about it
They will be forwarded to you
within a few days

I hope to bring with me some
very interesting pieces for you and
(Mr Newell, ~~also~~)

I have a very interesting collection
of Armenian coins which I like to
show you also.

Thanking you for all your
kindness to shake hands with you
With my best regards
to you and your family
and to Mrs Newell, Replied

My dear Mrs and Mr Wood

You certainly will wonder
not to have heard anything
from me, but if you only
knew how my time was taken
the first few days.

I arrived home just a day
before Christmas.

The family and myself
all very happy. Mrs Schulman,
Elly and Hans all in perfect
health, the little girl just a
little bit shy, but soon she
recognized me again
and all very glad with the nice
presents, my wife joins a
little letter to thank you
for your kindness.

The Emperor sailed on
Thursday morning instead of
on Wednesday afternoon,
and arrived at Southampton
several days overdue.

We soon found out in
how a bad shape she was.
And filthy, bad service,
miserable food.

The engines also were in

bad shape, on two nights we
had to put out the fires, as
the engines were overheated,
and liable to blow a piston.

If not for the splendid
seamanship of the Captain I
hardly think we ever would
have reached Europe.

You can imagine how
glad all the passengers were
in reaching shore.

To night alone at home
with my wife I take that nice
occasion to write you and
to tell you of my safe arrival.

I also wish to express once
more my thanks for the
kind friendship you offered
me, I hope to see you this
summer in Holland and
I will try to help you feel at
home with us, as I always
feel when I am with you.

I hope when this letter
reaches you that you both and
you two little darlings
are in splendid health and that you
had a very splendid Christmas
and we wish you a very
happy new year.

We had a very fine Christmas
and new years eve. I don't
see my office before the
2nd of January, but all my
time was taken by my family
not the least by Mrs. Schulman
and the children.

The weather here is
raining, with from time to time
a few degrees of freezing weather
not very agreeable.

When I left New York it
was very cold, I hope it didn't
last long.

Next time in coming to New York
I have to be there early September
not to risk to be back in
Holland after Christmas
but we hope to see you before
that time in Amsterdam.
Please do not forget to tell
us of your sailing.

Sunday afternoon I was
playing circus with the
children, they had a splendid
time with it.

I wish you had seen it.
I hope you soon will send us
a photograph of the whole family.
My wife is very anxious to
see you again. She
hopes to see you soon here, but
would like very much to have
the photograph.

I hope you received the photo
I mailed you just the day
before I left.

With many thanks
and my best wishes for you
all, and a kiss for the
dear babies

Sincerely yours

M. Thompson

My dear Mr Wood.

Just a day after I had written you, I received your letter of March 4th.

I am very glad to see from it that you can manage it to go to London, and that Mrs Wood will join you there about the middle of June, and that we then soon will have the pleasure to see you in Amsterdam.

Do not forget to send me your London address, as it always may be possible that business calls me there and then we could meet together.

I thank you for the trouble taken for my membership of the Nat. Geographic Society. I received already the January and February numbers, March edition no doubt soon will reach me.

Back numbers I never received, but please don't

trouble about them as you will
have enough to do for your getting
ready to leave for England.

I guess Mr. Wendell will
be back before you leave.

I expect to ~~go~~ to New York
about the end of August or
early September. Perhaps we
may sail together.

I could lay my hands on some
very important collections

As for \$179.50 for the German
medals, you may send a cheque
to our office, or deposit it in
the National Park Bank, just
do what will be the easiest
for you.

As soon as you will have
taken the photo of the whole family
we will be very glad to receive
one.

Mrs. Schulman and myself we
are looking forward with much
pleasure to have you and Mrs. Wood
this summer in Amsterdam,
we will be happy to show you
something of Holland
with our best wishes to you
and the family

Sincerely yours
M. Schulman

April 9th, 1920.

Mr. Maurice Schulman,
Keizersgracht 448,
Amsterdam, Holland.

My dear Mr. Schulman:-

Several of your letters at hand, and I am herewith acknowledging most of them. The large invoice of medals that you sent February 17th have not yet arrived or if they have the Express has not notified us of them. Their service is very slow and it sometimes takes us two or three months to get things after they arrive in this country. If they come before I leave well and good, otherwise Mr. Wyman will look after them.

I am sailing on the New York April 24th so should be in London about May 3rd. I expect my address will be c/o Miss Wood, 8 Bedford Place, Russell Square, London, W.C.1, but I will drop you a line definitely as soon as I am located. Mrs. Wood leaves May 22nd, consequently should be in London about June 1st. We plan to leave for Paris and Holland either the latter part of June or the first part of July. The exact dates I will let you know later. Both Mrs. Wood and I are looking forward with much interest and pleasure to our little trip to Holland, and if we can help you in any way in showing you your own country, for one as a rule knows less of their own land than they do of other places, we will be more than satisfied. We have made arrangements to leave the two children here.

I understood from a rather vague letter from the Geographical Society that they could not supply the back numbers.

I note you are planning to visit this country again a little earlier. We have engaged passage on the New York leaving England I think August 28th. I engaged this passage ahead so as to be sure of returning as that is the time that the steamers are crowded coming this way.

Your favors of March 16th at hand enclosing six medals.

These reached me safely, and I am very glad to get them.
I will include the payment for these the same time I pay
for previous invoices.

I beg to remain,

Most truly yours,

Dear Mr. Schulman:

I am, herewith, sending you final
payment on the Limesse coins bought when
your Mr. Maurits Schulman was here last
Fall.

In case you have not heard, Moritz
Wormser's aunt, Mrs. Heligman, died a
short time ago and I think that Moritz
and his children have inherited the bulk
of her property, which you may imagine was
considerable.

Trusting you are well,

Very truly yours,

My dear Mr Wood.

I beg to acknowledge receipt
of your kind favor of May 27th
with draft for \$300.00 for payment
of the Chinese coins, and with
many thanks I have credited the
Society for this amount.

Mr. Womser wrote me about
the death of his cousin Mrs. Coleman
if they have inherited the bulk
of her property, that means something.
Mrs. Coleman was very rich.
I am sure.

I am sure that you will
receive this letter.
Mrs. Schulman and I are
in fine health
I have planned to sail
for New York.

not a word. I had seen
brother in law (the sole brother of my
wife) only 39 years old, after a
severe attack of pneumonia,
a heavy loss for his young wife and
old parents.

I hope you and your family
are in good health, please give
my love to all and I hope
you are all well.

I hope to meet you all
in good health ^{very} soon.

With very best regards

good success.

Dear Mr. Schulman:

I notice in the February Numismatist that your catalogue No. 76 is out. I do not find we have received it, but possibly your ad. beat the catalogues over. Would you mind seeing that we get at least three of the catalogues? You can send one to the Society as usual, and one to me; and so as to ensure the third, send one to Mr. Sydney P. Koe.

When you were over here, you said that you would send us the prices that the coins brought in Lord Grafton's sale. Can you still send us one of these price lists.

I would, also, like to get one of those, I think, coin horror medals. It has a negro soldier's head on one side, and a captive maiden on the other.

Be all wish to be remembered to you and your family.

Very truly yours,

Curator

Dear Mr. Wood, -

I beg to acknowledge receipt of your favor of February 7th of which I noticed you have not received a copy of catalogue 76, which I forwarded some month ago to the Society.

I have at once addressed three other copies, one to you, one to the Society, a third to Mr. S. P. Noe and I trust they will arrive safely.

Please find enclosed the list of prices of Lord Grantley's sale, which I beg to offer you.

For the moment there was none of the Rhine Horror medal in stock; I hope to send you one within some days.

Dear Mr. Schulman:

Welcome again to America! I trust we shall have the pleasure of seeing you before many days elapse. Please let me know when you can come up here; and, in the meantime, I will let Revell know that you have arrived as he would like to see you as soon as possible.

This week and part of next, I am more or less tied up here at the Society as Mr. Roe has sailed for Europe, and Mr. Reilly is not yet back to help me out when I want to run downtown.

Looking forward to seeing you soon. I am

Dear Mr. Schulman:

I am enclosing herewith a check on account for 250 florins in re your bill of February 20th for West Indian coins.

I am herewith returning two of the pieces, Nos. 20 and 24. I can not reconcile myself that these are genuine. No. 24 was made a few years ago by a person who had this die, and as No. 20 is cut exactly the same I think this is modern also. You will note that these are not quarters but are smaller than a fourth would be.

The two I am returning amount to 110 florins, leaving a balance of 184.65 florins to be paid you.

Very truly yours,

Curator.

Dear Mr. Wood, -

I beg to acknowledge receipt of your kind favor of April 30th with draft for Fl.250.- for which I have credited the account of the Society,

I also received the lots 20 and 24 for which I credited the account with Fl.110.-. I am much interested about what you wrote me about the two Guadeloupe pieces; it is of course possible that these coins are not genuine, however they were over 20 years in the collection I bought.

Dear Mr. Wood, -

Returned home, after a rather nice voyage, I beg to send you, by registered mail, sixteen coins, which were current in the Netherlands during 1620-1650 and which no doubt were used also in the American settlements.

I have picked out as many of different type as I had in stock.

Guldends and Half Guldend were not in use in that period, they first were struck after 1680.

Trusting they will suit your purpose,

Dear Mrs Newell & Wood,-

As you certainly will know Mr. Virgil Brand died
the 20th of June.

As I know that it would be of the highest importance for
your society to have this collection for your Institution, so that it will
stay in America making your Society a center of numismatic science, as in
that case your Society will be ranged among the most important collections
of the world. I hope you will try to get people interested (Mrs. Huntington,
Rockefeller Jr. or others) to buy this collection for your Society.

I am trying to get in touch as quickly as possibly with the
Brand family and I of course will do my utmost in inducing the brothers
to give your Society the preference at the lowest figure possible. The
best in this case will be if I could be assigned for the estimate of the
value of the collection, it certainly would safeguard your interest also.

No doubt I soon will hear from the Brand family and if they
ask you about me, you certainly know what to tell them, knowing how I will
take care of your interests.

With my kindest regards,

Yours very truly

I beg to acknowledge receipt of your kind favour of July 21st and I beg to inform you that I will be in New-York about September 25th.

As there is no will all matters regarding Brand's estate are tied up for the present.

Before leaving for Chicago the last week of September, I certainly will come to the Society to discuss matters.

I had word from Brand's brothers that they will be glad to see me to discuss everything and that the end of September was convenient to them.

Please consider this as quite confidential, so that nobody can spoil our cooperation.

With kind regards for you, Mr Newell and Mr Wood,

NEW - YORK.

Dear Sir,-

I beg to offer you as a present for the Society a bronze and silver medal, which has just been struck to commemorate the foundation of New-York City, and the purchase of Manhattan by the Dutch in 1626.

The obverse represents a 17th century-Hollander, buying from an Indian the ile of Manhattan for some toys of little value.

The inscription "De koop in 1626 van het eiland Manhattan werd de grondslag van New York" =

"The purchase of Manhattan 1626 was the first step to the foundation of New York City" with the coats of arms of Holland and the U.S.A. Amsterdam and New York City.

The reverse shows a view of the ile with the first settlement; the dates 1626-1926 and the inscription "Vigilate Deo Confidentes" (the words written in the coat of Arms of the 17th century Holland; and meaning "Keep awake and trust God")

The medal of oval size has been modelled by C.J. van der Hoef after designs of the sculptor H.A. van den Eynde

I join 10 other bronze medals and I will feel much obliged if you will show these medals to the members and visitors of your Museum.

Price in bronze..... \$1.50

Price in silver..... \$3.-

I hope you will succeed in selling all these medals for me.

Mr M. Schulman safely reached home and will forward to you shortly the Indian coins.

With my kind regards,

Yours very truly

My dear Mr. Wood,-

I beg to acknowledge
receipt of your kind favour of December 15th
and I am sorry to see from it that of one
of your members several coins were stolen.

None of these coins has been
offered to us, but we will take good notice
of it in case such coins are offered. I hope
we can be of service to you in tracing the
thief.

I saw from your letter that the
medals and invoice have duly reached you.

I may be back in New York about
the middle of March and I hope that in
the meantime you will have found
collectors for all our coins and medals.

With our best wishes

Dear Mr. Wood, -

Today I have forwarded to the
American Numismatic Society a parcel con-
taining 169 coins with the Rider (cavalier)
about which you asked me when in New York.

I have quoted very low prices to
enable you to keep the whole lot. It is all
I possess, we had sold last year quite a lot
of these coins at quite good prices.

Trusting they will safely arrive

Sincerely yours

Dear Sir:

The coins came today and I have just glanced through them. As yet cannot say whether I can use the whole lot or not. I will let you know later.

By any chance did you sell, say within the past year, a Siamese silver coin similar to the drawing enclosed, and if so, to whom?

La Salle at Madison St.

Hotel La Salle

Chicago 14 April 1927

My dear Mr. Wood,

No doubt you do wonder not to have heard of me, but I was only a few days in New York commuting between Baltimore and New York and my time was all the time taken.

I rather did some nice business. I expected to be back from Chicago this Saturday or Sunday, but things are moving so slowly, that I fear I will not be back in New York before Friday April 22^d.

I therein will not sail to Holland before April 30th.

Now I do hope I still can find time to come one evening to Flushing, but how I will manage it, I do not know yet. because I will have to go to Boston and New Bedford. I also want to come to the Society. I may try Monday or Tuesday.

La Salle at Madison St.

and at the same time to fetch
the coins and medals which are
still at the Society

Perhaps Tuesday will be the best
as you are not always in on Monday.

Well I will see what I can do.
Till now as far as I can see ahead
I will have ample time to pack
my trunks, so much of my time
is taken.

Perhaps ~~you~~ I will be able to
come to the Society on Friday;
anyway I will try to get in touch
with you

I hope you and Mrs Wood
will not be angry if this time
I may be unable to come and
see you at your Flushing home
you know I will do my best.

No news in the Brand
business so far, although
things are looking better for me
than they did before

Kind regards to you and the family

I am enclosing a letter from Gerald Chittenden.
He has a set of Central American gold coins he wishes

them go ahead. Unfortunately, I can not make out from
his rubbings which mint they are from. If you should
write him you can use my name.

Mr. J. Schulman
Keizersgracht 448
Amsterdam C. Holland.

Dear Mr. Schulman:

Please pardon the delay in acknowledging and returning the Italian coins sent to us late in November, but we have been very much rushed with special work lately and it was impossible to determine what we wanted. I am herewith returning certain pieces and have directed our bank to send you the check for 188 guilders, as per the enclosed statement.

You may remember that when you were here I mentioned that I was going to examine a big hoard of larins found in Ceylon and that one of the larins was stamped with the word "FRISIAN". I am herewith sending you wax impressions and plaster of those relating to Holland. Two larins were also stamped with the date 1647, which I make to be 1645. I think this date was taken from the lower line of the coins saying "FRISIAN" which I make out to be a coin of West Frisiae, Verkade Plate 75, No. 6. I forgot to state the inscriptions on these larins are incuse, therefore not stamped from dies but from coins. Unless you think it is another piece, I would like to get hold of one of these coins dated 1645.

Also, on another larin I find the small part of a shield; impression and plaster also are enclosed. The edge of the eagle's wings and the ornaments on the side of the shield look as if it was struck from a coin of Nymagen. The nearest illustration I can find is the four escalin piece 1601 to 4, Verkade Plate 23, No. 2, but the impression of the shield on the larin is from a larger coin. Verkade gives no larger coin with a shield like this. On the other side are some incuse letters about the size as would appear on a thaler size piece. Do you think you could identify this coin? It may be a German coin but I doubt it.

Very truly yours,

HW:JG

NEW YORK.

My dear Mr. Wood, -

I beg to acknowledge receipt of your kind favour of January 22d with the returned coins and I noted with pleasure that you have kept for 186.- guilders from my invoice.

I join herewith lot 448 which you returned, but which you quoted as being kept and to be paid for.

I am much obliged for the wax impressions and casts of the larins.

I have not the Duit of Westfriesland for 1645, but I am sending you herewith two Duits of 1626 and 1663 which show that FRISIAE ~~EXXESIONDS~~ corresponds with the inscription on the larin, also the figures of the date are almost the same.

The other coin is in fact an Arendschelling (Escalin with the eagle) of Nijmegen.

I am sending you herewith the coin of 1602, which has the same size of shield as on your larin and the reverse of your larin reads really l. NOVI, which as you can see on the coin on the end of the inscription CIVI. NOVIMAG.

I am sending you these three coins free of charge, just to keep them with the larins.

I am very glad that I could find out this coin for you.

With my kind regards and many thanks
Very truly yours

Dear Mr. Schulman:

I was very glad to hear from you and
beg to thank you for sending lot 448 back. Also I
wish to thank you for sending on the Escalin of Nijmegen
as well as the two quits. I have dug up two more pieces
struck from Dutch coins. These show fragments of the
word LHO from either the copper or the silver 48 stiver
piece struck at Batavia. Besides these Dutch pieces I
have found three other larins impressed from coins during
the Portuguese period. I beg to remain,

Dear Mauritz:

I forget whether I asked you when you were over here if you had any stock of larins. If you have any, would you mind sending them on for a proval. Do you know if any of the museums in your country have any of these in their cabinet. I am writing the Hague to see if they have any and if they could photograph any for me. I am now cataloging that large hoard and I wanted to make a general survey of the different kinds that exist.

Dear Mr. Wood, -

I am sending you by the same mail the four pieces "Larin" which I possess.

I have written one of my customers here in Holland, who may possess some, for photographs or plaster casts, but as he is a rather peculiar man, he may or he may not answer me, just as his mood may be.

If I receive them I will at once send them to you.

Dear Mr. Schulman:

Your favor of the 19th at hand enclosing the larins. I am sorry to say that I am returning all of these. The silver one is a fairly modern imitation made in Ceylon. I have seen a number of these and the gold ones are made from the same dies. This piece can be easily told as the wire is drawn by modern methods and it is folded over wrong. It should be folded over before the wire was flattened out. Also, the test marks are not made right. The other three are the common tooweeleh made in Mejd, Arabia.

Thanks for the informations you

My customer about whom I wrote you, told

I supposed that he would tell me.

Have you any of the little silver Chinese Turkestan coins with Chinese on one side and Arabic and Chinese on the other? You illustrate one of these in the White Ring Sale Lot No. 2730. If you have any you might send them over. As it is long since the time that you are generally in this country I presume you are not coming over this year. Gentlemen:

The coins from List 60 at hand and we have looked them through. We are returning two of the lists, 318 and 330. When we ordered these/^{we}were a little uncertain as to just what they were. We have consequently deducted Florins 5.75 from the bill. We were talking with Mr. M. Schulman when he was over here and he told us we could deduct 5% for cash. You have already received from us other orders. We are sending your statement to the bank and you will receive from them in a few days a check for Florins 57.75.

Gentlemen:

Your consignments from List 63 and 64 at hand. Through some mistake I ordered one or two coins that I find I have, and I am returning four of them. No. 62 bears the date 1829, although it does look on the coin as if it was 1820. I am returning 255, 259 - as on this latter you sent me the wrong number, and 263, all of which we had. I am consequently changing the bill with the discount and make it that I owe you 23.05 Florins. On the second consignment I am keeping all and on this I am sending you the full amount 48.10 Florins. A check from the bank for the total amount will come to you shortly.

Very truly yours,

Gentlemen:

The Mohammadan coins arrived yesterday and I am glad to get those that I did get but I am sorry to have missed the other numbers, as it was those that I wanted especially. I will have a check sent to you for 8.70 Fl. later on.

Do not forget that I am still interested in the bull and horsemen series and if you could pick out these I would appreciate it and would like to have you send them on to me on approval. These would include silver, brass and copper pieces, including those showing both bull and horsemen, those showing horsemen and inscription, or bull and inscription.

Dear Mr. Wood, -

Thanks for your letter of January 18th and no doubt you will have received my letter of January 14th about the Ceylon Stivers.

I have not forgotten that you are still interested in the bull and horsemen series, but unfortunately I have none of these coins in stock at present.

I had a big lot at the time, which I sold some 18 months ago to one of my British Indian customers.

When I obtain such coins again I shall of course send them to you.

Kind regards

Gentlemen:

The Mohammadan coins came the other day. I was sorry not to have gotten the two or three scarce pieces. We are keeping all of these and I am directing our bank to send you a check for 42 Florins. I received the other day the reprint of the Money of the United East India Company, which came through you. I cannot locate the address of Mr. C. Scholten. If you would convey to him my thanks and also tell him that he is doing a very good work and I wish to compliment him on what he has done and trust he will continue in the same way, I would appreciate it.

Dear Mr. Wood, -

I beg to acknowledge receipt of your letter of October 28th and I have forwarded to you by registered mail all the desired coins from the Mexican list.

Lot 270 was of 1857 not 1837 (this was an error on the list). I have included it, but you may return it, if not desirable.

Kindest regards

Very truly yours

Dear Mr. Schulman:

The Mexican coins you sent over we are keeping including Lot 270 which was 1857 and not 37 because we did not have this date. I am having our bank send you a check for \$27.05. Those St. Bartholemew coins I know nothing about. They were a private order from Robertson and I think he has taken that matter up with you.

Very truly yours,

Dear Mr. Wood, -

I beg to send you herewith a list of
Bengal coins of Persia at very moderate prices and
I hope that you will find among them several which
may be of use for your Museum.

I will keep these coins untouched until I hear
from you, so that you may be sure that the ones which
you may want will be sent to you.

I shall forward you from time to time other
lists of my stock of oriental coins.

Perhaps you know of somebody in the States
interested in these series who may pick out some of
the other coins you do not want from this list.

Trusting soon to hear from you,

Yours very truly

Dear Sir:

Mongol coins from the first lot ordered reached here some time ago, as well as your several lists. I have been swamped with work lately and have just gotten to checking up your new lists.

Herewith are the pieces that I would like to have you send.

I received the reprint of the second part of the *Munten der Vereenigde Oostindische Compagnie*, by Mr. Scholten. Please thank him for me.

Very truly yours,

Dear Sir:

I have just gone through the Mongol coins sent over February 24th. Five lots of these I am returning. All I found we had, three of which were not, according to my way of thinking, as you described.

I have consequently changed the bill to 54.60 less 2.70, making fls. 51.90. I will have our bank send you a check for this next week.

Very truly yours,

1936.41.46	AR 20 cent	1933	SOVIET GOVERNMENT OF SZECHUAN AND SHENSI:

ALL THESE COINS EXCEPT THE LAST ONE MUST BE CHANGED TO 1936.32.X. THE LAST ONE CAN THEN BE RENUMBERED

1936.41.1

Coins with Orkhan's name are all silver. Six types are described by Philip Remler, "Ottoman, Isfendiyarid, and Eretnid Coinage: A Currency Community in Fourteenth Century Anatolia," ANSMN 25 (1980), pp. 181-88, but his types IV and V are probably subvarieties of the same issue.

Type I (not in ANS) has mint name Bursa and date 727, the year of the fall of the last Ilkhan governor in Anatolia

Type II has the name of the imam al-Mustansir, copied from the dirhams of Kay Qubad I.

Type III has obv. and rev. in a circle, like Abu Sa'id "Type XIII", fine style engraving, perhaps with "Madinat Brusa" on reverse, though these words may be only ornamental scrollwork.

Type IV has obv. in hexafoil and rev. in hexagon, with stylized "Uthman". It may be just another variant of type V.

Type V has the same inscriptions as Type IV, with hexafoil/hexafoil types (var A) or octafoil/hexagon (var B). Epigraphical style evolves considerably.

Type VI has only Urkhan khalada Allah mulkahu without father's name, obv. and rev. in circle. The obv. was maintained by Murad with exactly the same epigraphical style (no die link found yet).

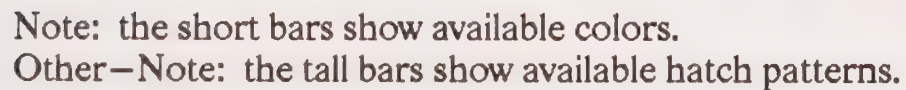

In the computer, all these have been assigned tentatively to Bursa, but it seems possible that Type II, at least, is from another mint.

Copper probably existed but without O's name.

Dear Mr. Wood, -

No doubt you will have received in the meantime the coins of Turkey and also my list of Omayades, Murabits, Seljuks etc., numbers 1-189.

I am sending you herewith the lists of Mamluks and Persian coins, which I can offer you (lots 190-471), among them a very interesting lot of autonomous copper coins of Persia, starting with number 398.

As soon as you will find time to go over these lists, I shall be very glad to hear from you.

No doubt you will find many pieces of interest for the collection of the Society. I shall keep the coins till I hear from you.

With my kind regards,

Very truly yours

J. Schulman

J. Schulman,
Keizergracht 448,

Dear Sir:

I have gone over the Turkish coins sent over May 1st. The previous lot you sent I have not yet wholly gone through.

There are two I am returning. One I had but your specimen is so double-struck it was of little value. The other you had attributed wrong.

I am having my bank send you Fl. 17.75.

Very truly yours,

Curator

Dear Sir:

I have just gone through your invoice of April 14th and I am returning one coin, #243. I find I had five of these. I am consequently deducting 5 fl. from the bill, which instead of making fl. 83.15 I figure out to be fl. 78.40.

I am also sending you a list of coins wanted on invoice of May 1st, beginning with Omayides of Cordova.

I am working on the last list you sent over and will try to get them to you in a few days.

Very truly yours,

Dear Mr. Schulman:

Your letters of June 3rd, June 10th and June 23rd are at hand. I have given considerable thought to the Jahore gold coins but cannot see my way clear to keeping these. We have a few of them already, two of which we got from the Brucknill sale. One reason, our funds are getting low and the income for coin purchases is now nearly nothing as the investments for this fund are paying very little. Also, both Mr. Newell and I think the prices too high and I am consequently returning them.

The package containing the coins ordered from your Invoices of the 20th and 23rd reached here about an hour ago. I have not had time to look at these as yet.

I suppose you know that Colonel Greene died suddenly the other day. Several of the coin and stamp dealers will lose their best customer.

Very truly yours,

Dear Mr. Schulman:

I have just gotten around to going through
your two invoices of coins you sent.

I have been having a rather hard time of it
the past two months. Robertson has been sick a good deal
and then went away on his vacation and after that went to
the Hospital. During this time I also was laid up about
three weeks. I am shortly going to try to get a
vacation so it may be a few more weeks before I can report
to you on the last two invoices.

Dear Mr. Wood,-

May I call your attention to my two invoices of June 20th and June 23d on which you were going to work when I had the pleasure to see you in October.

Dear Mr. Schulman:

I should have written you before conveying my sympathy on the death of your brother. I appreciate that a vast amount of work has now fallen upon your shoulders.

Mr. Wood's brother, Mr. George Marvin, died suddenly last week. On my return from the funeral my assistant, Mr. Robertson, dropped dead while getting up on Friday the 20th. He had been improving quite a lot the past few weeks and was at the Society every day, in fact, he did a full days' work the day before he died. Although we were expecting that he would not last the winter, the end came very suddenly. I myself in consequence will be tied up for some time to come as I have no idea who I can get in his place.

I still have your last two consignments of coins which I have been unable as yet to go over.

With best regards,

Very truly yours,

My dear Mr. Wood, -

I just received your letter of January 27th and I thank you for your kind letter.

You must have had a very trying time, first the death of your brother-in-law and please convey my sympathy to Mrs. Wood.

And then the death of Mr. Robertson. Although we could expect it any time, it causes you a lot of trouble and work.

I hope you soon will find somebody who will be able to take his place.

There is no hurry about the consignments, you know this, just take your time as I do not need these coins.

Kindest regards,
Very truly yours

Dear Mr. Schulman:

I have directed the bank today to send you a check covering the invoices of January 20th and 23rd, amounting to Fl. 150.25. I have just been able to get around to these. For several months I have been hardly able to keep up with the work as Robertson was in poor health for some time before his death. Then for two months I was without anybody. Fortunately I was able to get an assistant just a month ago. I don't think you know him. He is a local person by the name of William L. Clark.

Trusting to see you before many months, and trusting that everything is going well with you, I remain,

Yours sincerely,

Curator
